

SAAETCC at NATSIEC Meeting in Canberra 2024

Matthew Hein represented SAAETCC as a proxy for a significant NATSIEC meeting held at Parliament House, Canberra.

As the peak body for community-based advocacy in South Australia, SAAETCC continues to strengthen its important relationship with NATSIEC, a partnership that plays a vital role in driving policy and positive change for First Nations communities.

The event was also enriched by a Deadly tour guide by Ngunnawal man Chris Mudford, Assistant Secretary of First Nations and Closing the Gap with the Australian Government.

Parliament House

Tauondi College Open Day 2025

SAAETCC Staff, Mathew and Shane, with SAAETCC board member Doug Milera, recently attended the Tauondi Open Day and Family Fun Day.

This event provided a wonderful opportunity to connect with the local community and showcase how SAAETCC can support parents, families, children, and young people in their educational journeys.

Gynburra 2025

Shane Bond represented SAAETCC at the much-anticipated Gynburra Festival, held on beautiful Narungga Country. This annual event proved to be an important highlight in the region, and SAAETCC was proud to continue its support.

The SAAETCC stall was a big hit, offering a valuable opportunity to engage with local and visiting parents and students. It was a great chance to connect with the community and share information about our services and programs.

As a token of appreciation for everyone who stopped by, SAAETCC gave away a variety of popular freebies, including stationery, torches, and stress balls. Thank you to everyone who visited our stall – we loved connecting with you all!

Berri Primary School

SAAETCC was thrilled to engage with the staff at Berri Primary School, where we had the opportunity to discuss and explore key concepts in Aboriginal Education, including ontology, epistemology, and pedagogy. The collaboration sparked insightful conversations, fostering a deeper understanding of Aboriginal perspectives in education.

Shane Bond and Matthew Hein took charge of the barbecue at Berri Primary School, filling the air with delicious smells that drew in parents and students alike. The food was a hit, and it was heartening to see the Aboriginal community come together to share a meal and have a yarn. A fantastic day of connection and community spirit!
