AIQS DONALD NAPIER SCHOLARSHIP 2026

The future of Australia's built environment
starts with the people who shape it.

ABOUT THE SCHOLARSHIP

Each year, AIQS grants a range of partial scholarships to commencing university students as they enrol in an AIQS-accredited degree within Australia.

Through the generosity of the late Donald Napier, the Australian Institute of Quantity Surveyors is able to support the future leaders of the Quantity Surveying profession as they begin their relevant university degree.

These scholarships are designed for students who qualify for entry into a Quantity Surveying, Construction Economics, Construction Management, or other appropriate AIQS-accredited course at a university in Australia.

Applications will be assessed, and scholarships will be awarded within the coming months. This is an excellent opportunity for aspiring quantity surveyors and construction professionals to receive financial support while beginning their university studies in an AIQS-accredited program.
